Subject: Re: Additional Funding for Dimock

Denise,

The SOW is the same. The PR was submitted via EAS under the new contract, EP-S3-12-01.

Rich, isn't it the same Action Memo? Please email a new IGCE for the amount requested.

Denise, by the way, if Rich wanted to, could he just add additional funds to the current contract and extend the period of performance till the end of July instead of going through all of what you described?

If so, Rich, do you mind taking this route rather than having to go through a more labor intensive process? If you decide to take this easier route, then please send a note to the Contract Officer and cc me to add \$55,000 and extend the POP until July 31, 2012.

Subject: Additonal Funding for Dimock

Good Afternoon Mikal,

The funding package you left with me will need to be revised because we are now in a new contract - EP-S3-12-01 so this will be the new Task Order. I will need the following:
following would be needed:

- EPA Form 1900-59 Delivery Order
- SOW (not a revised one)
- Funded PR in EAS
- Action Memo
- IGCE (must be for the current amount needed not total amount)

You submitted the CBI review and the Statement of Work Certification

I will leave the package you submitted on my desk, please pickup and submit one for a new task order.

If I am not available please do not leave on my desk, submit to the CO, John Robb

Thanks,
Denise T. Page
